- 3.4 In the event that a member's income changes during the course of a benefit year, thus placing the member in a higher/lower income category for contribution purposes, the member shall immediately inform the Scheme of such change and the Scheme shall affect such adjustment to the higher/lower income band from the month within which the salary adjustment occurs as per paragraph 13.7 of the Main Rules.
- 3.5 Income verification is conducted on an annual basis and the relevant supporting documentation must be submitted. Should the necessary documentation not be received timeously, the member's contribution will be defaulted to the highest income category.

3.6 Contributions are income based. The higher gross monthly income of the member or his/her registered spouse/life partner will be used to calculate the contribution. Proof of income will be required. Failure to provide the required proof of income will result in the income being defaulted to the highest category until proof is received.
