# BENEFIT BOOSTER

GET UP TO **R5 000\*** EXTRA BENEFITS TO  
PAY FOR OUT-OF-HOSPITAL CLAIMS

## WHAT IS THE BENEFIT BOOSTER?

It's an extra out-of-hospital benefit in addition to your day-to-day benefits or savings, that you get after completing a mental health assessment and wellness screening.

## WHAT DOES IT COVER?

Once activated, out-of-hospital claims like GP visits, over-the-counter medicine, X-rays, blood tests and more, will then first pay from the available Benefit Booster amount – making the savings and day-to-day benefits last longer!

BonStart Plus	R1 160
BonStart	R1 160
BonEssential	R1 160
BonEssential Select	R1 160
BonCore	R1 000

**HOW TO ACTIVATE IT**

Complete a mental health assessment **and** wellness screening (at a Bonitas wellness day or participating pharmacy).

Please note that there has been a change to the participating pharmacy network. You can use the **Provider Locator** on our website to locate a pharmacy on the HRA Preferred Pharmacy Network. Use of a pharmacy that is not on the HRA Preferred Pharmacy Network will **not** activate the Benefit Booster.

The Benefit Booster will be activated when the mental health assessment and wellness screening are completed at a preferred network pharmacy and the assessment data is sent to us. This can take up to 7 working days.

**We advise you to make use of network providers to avoid non-network co-payments and shortfalls**

Child dependants under the age of 21 years can access the Benefit Booster once an adult beneficiary has completed the mental health assessment and wellness screening. Each adult beneficiary must complete the mental health assessment and wellness screening to access the benefit. All claims are paid at the Bonitas Rate.
